DELUXE CHECK PRINTERS and DELUXE COMPUTER FORMS

We've Been in Business for 70 Years. Here's What That Means to *You*... And *Your Business*.

The Deluxe Tradition and You.

A tradition of reliability. A tradition of excellence. A tradition of service. Deluxe Check Printers has been proud to stand for all these qualities for the past 70 years. Millions of Americans have done business with us throughout the decades through their local banks and savings and loans. In fact, our little red and black check box has become synonymous with service that's fast and reliable and with a product that's accurately imprinted and attractive.

Well, the same holds true for our computer forms. You can count on Deluxe Computer Forms to provide the same service and quality, whether you order 500 software-compatible forms or 5,000.

Our continuing tradition of reliability, quality and service will help *you* keep your system running smoothly—and profitably—now and in the future.

You'll save time and money.

One reason we've been in business so long and so successfully is because we offer our product at a fair price. You'll find Deluxe Computer forms and accessories at prices easily competitive with those found at local printers, and often below.

And since you'll enjoy the added convenience of ordering through the mail, you'll save time as well as money.

Most important, *you'll save both time and money* because of our remarkably fast in-plant service. This means your standard computer forms will be shipped from our plant in just three working days, and custom forms in as few as five. This also means you'll cut down on costly down time waiting for those essential forms to arrive!

You'll get expert service.

Teamwork is an important part of the Deluxe Tradition. That means a strong working relationship between you, our computer forms customer, and us, the one supplier willing and able to assist you at every turn.

You'll find friendly and knowledgeable Deluxe Forms Consultants there whenever you need them, whether you're placing an order, checking on a job in progress or simply asking a question.

Any of our Forms Consultants can advise you on the right forms for your particular system. And if you find you need customized forms, you can rely on him or her to help you every step of the way. *Deluxe Forms Consultants are there to make sure you get exactly the forms you need to complement your software programs, boost your office productivity, and in turn, increase your bottom line.*

We know you want to look good and so do we. That's what teamwork is all about.

You'll get quality you can count on—time after time.

What would a tradition of fair prices, convenience and service be without a quality product to back it all up?

And so, with Deluxe, you'll receive the computer checks, statements, invoices, stationery and other forms you request *exactly* as you ordered them. Our strict quality control procedures see to that. For one thing, this means verifying your account number through your bank and *guaranteeing* that your checks will be processed smoothly through their automated equipment.

If at any time this does not occur, you can count on us to correct the situation immediately, no questions asked.

You'll also receive the Deluxe Unconditional Money-Back Guarantee that stands behind everything we do.

What all this leads to is really quite simple. The name "Deluxe" has stood for quality, convenience, service and a fair price in the check printing business since 1915. So it isn't surprising to find it earning the same reputation in the computer forms field. And that's good news for you, the Deluxe Computer Forms customer!

How to Order:

By Mail: It's as easy as filling in the simple order form enclosed in this catalog. Also enclose a sample of the computer forms you're now using, if possible. And for new check orders, please make certain you include a MICR encoding form from your bank with current account information. Then mail this information with your order form, your purchase order if you have one, and your current forms samples in the postage-paid envelope attached.

By Phone: For fastest service, call us toll free.

Whatever the form and whatever you need to run your business better.

We know how important the right software-compatible forms are to your business. So, when standard computer forms won't work with your specific programs, you need a Deluxe Custom Form. And when you want a special design format to enhance your business image, you need a Deluxe Custom Form.

Well-designed, software-compatible custom forms are a Deluxe Computer Forms specialty. The way you want your checks, statements, invoices and multipurpose forms to look is the way they *will* look. That means the exact size, color, parts, format and type style you choose.

Deluxe Forms Consultants will help you every step of the way.

Our expert Custom Forms Consultants will work with you from initial order through careful proofing to on-time delivery. Your Custom Forms Consultant will always advise you which form is right for your software program and business needs, thus saving you valuable time and money in the long run.

This offer includes custom forms similar to those seen on pages 4 through 7... but *not* the standard forms on pages 9 through 27 or Designer Look Stationery.

See the following pages for more details on ordering.

You'll see some examples of the kind of custom work we can do. And you'll also see how easy it is to get the particular custom form you need to complement your system. Be sure to call us, toll free, if you have any questions. Call 1-800-328-0304 or 1-612-631-8500 in Minnesota. A Deluxe Custom Forms Consultant will be happy to get you started on your custom order.

And if it's your first custom order, you'll enjoy a once-only $25.00 Savings. Just place a "1" in the Custom Order Box on the Order Form or tell the Forms Consultant when you call toll free.

You need a DELUXE Custom Form if you need any or all of these features:

- Endorsement information printed on reverse side of checks.
- Voucher positions other than the program standard, such as side vouchers, to the left or right, or top or bottom vouchers.
- Special background colors for checks other than the standard five available: blue, green, yellow, tan and new antique.
- Formats and linework to match your special software needs—whether your program is brand new or has modifications that aren't compatible with standard formats.
- Forms with extra parts—up to six.
- Multi-part carbon interleaved forms. (Carbonless is standard.)
- More lines, such as mottos or slogans in addition to standard copy format.
- Paper other than our standard stocks.
- Machine-readable duplicates for dividend checks and bank use.
- Stylized borders, illustrated or colored backgrounds or screened back designs.
- Part-to-part changes in copy or design from original.
- Combination formats such as an invoice/order acknowledgment.
- Custom gluing so certain parts won't separate.
- Larger or smaller checks, statements, invoices or other forms than those available in standard sizes.
- Less linework than standard formats allow, or blocked out areas on duplicates.
- Special perforations, such as extra vertical or horizontal perforations, or partial length or width perforations.

Design your own form!

What all these custom features should tell you is really this: You can design exactly the Deluxe computer form you want to suit your particular software and business needs. Whether it's a payroll check, dividend check, purchase order, shipping order, credit memo or multi-purpose form, you can have it in the size, format, color and parts you need to do the job right.

Customizing your business forms is easy with Deluxe because we make it easy.

No job is too tough for us, and no job is too small—or too large. So, if you want to order your customized forms in quantities as low as 500 or as high as 100,000 or more, you can do it with Deluxe.

And you needn't worry about price. Chances are, you'll be paying considerably less for your Deluxe Custom Form than you would for a comparable form anywhere else. In fact, when you opt for a Deluxe Custom Form, you can select any one of over 200 type styles at no extra charge. Or, we'll match your own, usually at no extra charge!

Questions? Problems?

Deluxe Forms Consultants can handle virtually anything.

You'll have our staff of over 20 computer forms experts at your command when you work with Deluxe. You can ask us specific questions about your computer forms needs . . . and you'll get the answers . . . quickly and accurately.

We'll work with you to create the most productive and most cost-effective form for your business. And if you need to start from scratch, we can help you begin at the beginning, from size and color selection to design and placement of headings to correct formatting in line with your software requirements. At your request, we'll send you a variety of samples to guide you.

> *"We usually deal with (another forms supplier). I compared prices and product and now I deal with Deluxe."*
> *—Michael P. Whalen, Owner*
> *Knollwood Electric*
> *Lake Bluff, Illinois*

Here's how easy it is to get the DELUXE Custom Forms you want:

1. Use the attached order form or for assistance call Deluxe Forms Consultants toll free at 1-800-328-0304 to get started.
2. Send us a sample of the form(s) you're currently using, or a photocopy of the form from your software instruction manual, and a printout of your software program format.
3. Specify the actual information to be printed on your forms. No special format is required for this as long as we know your software specifications. However, indicating your headings on a printout of your program format or on a sample form will speed your order.
4. Tell us how many forms you'll need of each format.
5. Tell us how many parts you'll need for each form (original, duplicate, triplicate, etc.).
6. State whether you'll need carbonless paper or carbons.
7. Specify paper weight.
8. Note if you'll require any machine-readable copies (bank encoding information).
9. State what color forms you want, and what size.
10. Indicate whether or not you'll need a special logo or type style on your forms. If so, we'll need camera-ready art for both.
11. Provide your phone number during the day, along with shipping information, including a street address for U.P.S. delivery.

That's all there is to it!

We'll then, upon request, call you with a firm price quote and shipping date for your Deluxe Custom Forms after we've determined the precise specifications. We'll start production only after we have your approval, either over the phone or in writing. *If you decide to cancel your order at this time, you'll owe nothing.*

Once you say the word, we'll start to work on your Deluxe Custom Form. If necessary, we'll send you your first proof within three working days, in most cases. After you look it over and indicate any changes or corrections, a second proof will be sent if necessary. And you'll only pay a small fee for *both* proofs. Actual production of your order begins only after we receive your verbal or written approval.

You remain in charge throughout the Deluxe customization process.

And, best of all, most custom orders are shipped from our plant within five working days from receipt of an approved proof.

Presenting the most complete line of standard computer forms available...The standard forms with the "custom" touches!

Grouped by software categories to save you money, time and effort.

Why should I buy standard forms from Deluxe Computer Forms?

If unbeatably fast service is important to you, then Deluxe Computer Forms is your only logical choice. Our 3-day in-plant service on standard checks, invoices, statements and other standard forms is unmatched. That means you'll get fast service you can really count on.

And if a wide, diverse selection of software compatible forms is one of your "must have's," then Deluxe is once again the obvious choice. Whatever your software needs, chances are excellent that we can fulfill them. *We have the forms to match more than 400 different programs.* The software compatible forms you'll see on these pages are just a small sampling.

What's more, software compatibility is unconditionally guaranteed. So, if you find the Deluxe forms you receive aren't quite right, you can return them for a prompt refund or exchange. And if your system is new or you've redesigned or modified it in some way, we can work with you to customize your forms for perfect compatibility.

Look through this section of forms divided into software categories or "families" for those compatible with your system. Or turn to the Deluxe Compatibility Guide, in the center of this catalog, for a complete listing of the standard forms we have available. And, since this information can change rapidly, please call us if you don't see your form listed.

How can I save time when I order through Deluxe?

Well you've already heard how fast we are with in-plant service. That will save you days—and even weeks—of anxious waiting, wondering if you'll run out of forms as you run out of patience. With Deluxe, you'll never worry about frustrating delivery delays that could lead to costly down time. And, if you've just installed your system, you can get it started and working for you right away when you order through Deluxe.

You'll also save time simply by using this catalog! It's arranged for your convenience in software categories or families, with various compatible forms and matching envelopes clearly shown. Easy-to-follow grids noting quantity, number of parts, compatible envelope and price are below each form. Think how much bother that will save when ordering time comes around.

And if you need a variety of miscellaneous checks, mailers, labels or document stock, you can order it all quickly and conveniently using the same simple pricing grids.

How can I save money when I buy my forms from Deluxe?

It's very easy. *Simply order at least one standard check and one other standard form per software family and you've saved yourself 10% off the total cost of that order!* Be sure to deduct that amount when you use the attached order form, or call toll free.

And remember, you'll be saving money all the time when you use standard computer forms guaranteed compatible with your software. *With such Deluxe benefits as:*

- Clean, carbonless parts.
- Your choice of colors for easy coding of your accounts.
- Low minimum quantities (as few as 500 forms).
- A special copy resistant feature on checks to protect you against fraud.
- Your choice of more than 200 free logos to enhance your company's image (see the bottom strip for examples). Or we can help you with an original logo that's uniquely your own, at a small additional charge.

You'll be saving money on quality business forms every working day!

You'll even get a FREE Deluxe Check Saver™ with your Deluxe check order to help you align your checks without wasting the first one!

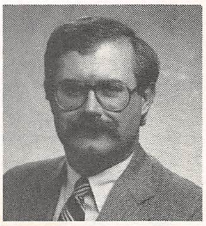
DELUXE
COMPUTER FORMS
A DIVISION OF DELUXE CHECK PRINTERS, INC.



Call Deluxe if your computer forms need updating. We have the best custom-design program in the industry as well as a wide range of standard software forms.

Dear Customer:

As your business grows, you may find that standardized forms no longer meet all your needs. Although you've bought from us in the past, are you aware that Deluxe is the best forms company you can turn to for advice on customizing? Our Forms Consultants can assist you with any forms design problem you have.

Deluxe may be the only forms supplier you need...with forms to fit your own software needs and customized stationery and envelopes to match. We can help you devise a custom look for very little. We even have 200 logos you can use free.

And, don't forget, we give you a $25.00 discount on your first order of 500 or more Deluxe Custom Forms.

Deluxe Software Compatibility is Guaranteed

You're already aware of the wide variety of software for which we provide forms. We've expanded the line of these guaranteed compatible forms...perhaps for your own software package. Please check now, because the 10% discount for purchasing two or more forms (including one check) within a software family is still in effect.

Remember, the flexibility in ordering logo designs, print variations and stock color choices, means that standard forms can be "designed" to fit your own company look. It's almost like getting a custom form at a standard form price.

Serving Your Needs Is Our Main Concern

From checks and invoices to letterheads and envelopes, we have the background to advise you on forms that will fill your requirements. And, as you know, we provide superb service in filling orders. In most cases it takes just five days after you approve the proof on customized work. With standard forms it takes only three days. You don't have to tie up a lot of money in inventory, when your order can be filled that quickly.

We'd like to thank you for your business in the past and hope that you'll call on us again soon. As you know, we stand squarely behind our unconditional guarantee...and we urge you to call us on our toll-free number 1-800-328-0304 if anything is not to your liking.

Sincerely,

Andrew C Hallock

Custom Ordering Information

It's easy to order custom forms and stationery from Deluxe.

1 For custom forms and stationery orders, please gather together samples of what you're currently using—if you would like them duplicated or slightly modified by us.

2 Then mail them back to us along with the Order Form to process your order. You may also send us the layout sheets from your software instruction manual, if you have no samples available. (Call us, toll free, at 1-800-328-0304 or 1-612-631-8500 in Minnesota, if you have any questions.)

3 If possible, please note any specific changes or modifications on existing forms or layout sheet. (See pages 4 and 5 of catalog for examples.)

4 If you *send* us your order requesting custom forms or stationery, a Deluxe Forms Consultant will contact you as soon as possible to handle all the necessary details. It's easy!

5 You'll usually receive a quote within 24 hours, provided we have enough information to go on, and a proof mailed within three days.

6 And if you need to start from scratch, or if you have no existing samples or layout sheets, we'll help you get the ball rolling. Just ask us! (Call toll free 1-800-328-0304, or 1-612-631-8500 in Minnesota.)

For All Forms (checks, invoices, statements, etc.):

☐ Duplicate enclosed form(s) and produce as is.

☐ Produce proof(s) only of enclosed form(s).

☐ Send or call with quote first.

Terms of Agreement

Open Accounts

Available with minimum order of $25.00. To open, provide two credit references (with account numbers), including your bank and one additional creditor. Terms are net 10 days. Prices F.O.B. St. Paul, MN or nearest warehouse. State sales tax will be added to your order where applicable.

VISA and MasterCard

Accepted by phone or mail. Freight Pre-Paid

Payment with order

We'll pay surface freight if payment is included with order. (Continental U.S. only.) Be sure to enclose your state sales tax.

New Accounts

Pre-payment will speed your order through our credit department. Otherwise your order will be handled after a credit review.

Delivery

We've found that U.P.S. is best for speedy, economical delivery of your order. However, should you request, we'll gladly arrange to ship by air at an additional charge. Please include street address with order.

U.P.S. is a registered trademark of United Parcel Service of America. Prices subject to change without notice.

Ways to Order:

By Mail: Just make sure you've included all the pertinent ordering information, so we can speed your forms to you as quickly as possible. You can charge your order on your VISA or MasterCard, or you can have us bill you. For even faster service, you can enclose a check or money order made payable to Deluxe Computer Forms. *Call a Deluxe Forms Consultant, toll free, if you have any problems or questions about your order.*

By Phone: Or, call us toll free at 1-800-328-0304, or 1-612-631-8500 in Minnesota. Our team of trained Forms Consultants can answer any questions you may have. *Their expertise can be especially helpful on custom orders.* Call between 7:30 a.m. and 5 p.m., Central Time, Monday through Friday.

Free Logos Available

Ask us about our listing of more than 200 business logos available to you *absolutely free!* We will be happy to send you a complete listing, at no extra charge. (See the bottom strip throughout the catalog for a partial sampling.)

Dual Purpose Check #1004. *9½"x7" overall, 8½"x7" detached. Colors: Blue, Green, Yellow, Tan, Antique. Compatible with Dollars & Sense (TRONIX), the Home Accountant (Continental Software) and many more.* **(See Grid A)**

Multiple uses—it's up to you… The Dual Purpose Check.

You can use this versatile combination check for both your payroll and accounts payable applications and you'll save money in the long run. The open voucher provides the maximum programmable area for total flexibility, even when you want to modify or update your program. It's an excellent, easy-to-work-with standard form designed to save you valuable time. That's because there's no need to change forms for different accounting functions. And, since you can cut down on your forms inventory, you'll also save valuable space. Best of all, you won't be tying up capital you could put to good use elsewhere!

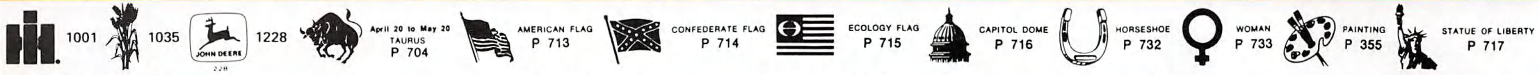
Even each separate check and form part is a different color to help you organize your files more efficiently.

Most Deluxe carbonless checks and forms are available as 1-, 2- and 3-part forms designed to suit your distribution, accounting and filing needs. In fact, Deluxe color-coded multi-part forms offer greater record-keeping efficiency because your files can be cross-referenced easier and faster. And the color sequencing of these parts—white, canary, pink and goldenrod—assures you of accurate, easy-to-retrieve files.

Because the color and design of the forms and checks you use are so important to maintaining a professional image, we're now offering a distinctive check color—Antique. Based on a nostalgic 19th century design, these classic, easy-to-read checks have a handsome parchment look you'll feel good about. And you can personalize them with the same "custom touches" that are available with all our checks.

Please Note: There is an additional $5.00 charge for Antique check orders under 1,000 and $5.00 for every 1,000 checks ordered after that.



Enjoy significant savings when you order one check and at least one other form from any family of software compatible forms.

Save 10% off the total cost of that order!

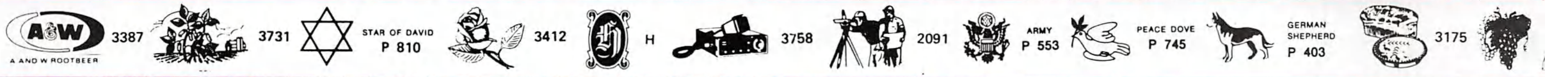
Special copy-resistant feature on all Deluxe Standard Checks helps guard against fraud.

Guard your checks—and your business account—against fraudulent use. All Deluxe checks are printed with a copy-resistant background for an extra measure of security. When checks are color-photocopied, the word "COPY" appears boldly across the face of the unauthorized check. So you can enjoy peace of mind knowing your checks can't be easily tampered with, even when they're kept in easily accessible areas! (Not available in Antique color.)



"Forms compatibility is crucial to Open Systems™ Accounting Software, and so is customer satisfaction. Deluxe guarantees that our customers will receive computer forms designed to our specifications. That's why Open Systems recommends Deluxe Computer Forms."

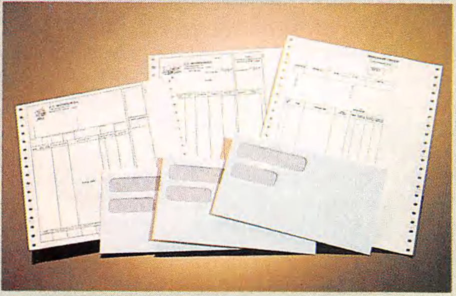
SPECIAL FEATURE!

Open Systems Forms available in condensed formats for your convenience.

If you find you need smaller versions of the Open Systems forms you see pictured on these pages, please turn to The Compatibility Guide in the center of this catalog. There you'll find a series of "condensed format" Open Systems forms to suit your printer requirements. You'll also find an impressive number and variety of other Deluxe software-compatible forms.

In fact, the guide lists more than 400 software programs, making it easy for you to tell at a glance which standard forms we have available for you (more than any other computer forms supplier). This newly researched information has been checked and rechecked for complete accuracy. However, if you're in doubt about the compatibility of a particular form, feel free to call our Deluxe Forms Consultants, toll free, for the most up-to-date information. 1-800-328-0304 or 1-612-631-8500 in Minnesota.

CONDENSED FORMATS



If you have an 80-column printer, rather than a 132-column printer, you need condensed format computer forms.

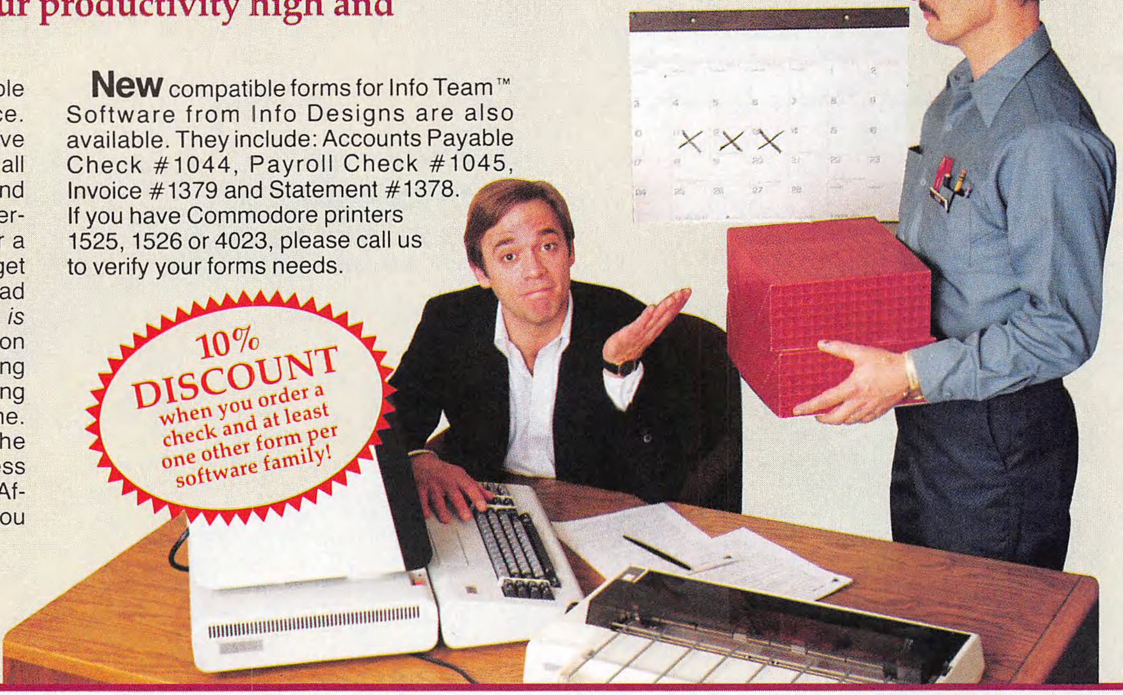
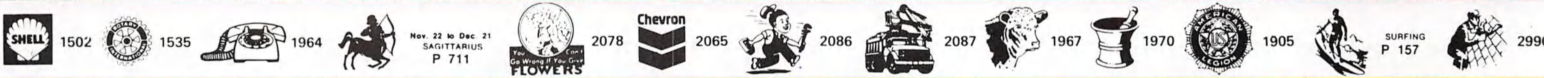
Deluxe gives you the lightning-fast turnaround time you need to keep your productivity high and your down time low.

We pride ourselves on supplying reliable products with *fast,* dependable service. When you order from Deluxe, you'll receive our unbeatable 3-day in-plant service on all standard checks, invoices, statements and other forms. You'll appreciate our fast service even more when ordering forms for a new system because you'll be able to get your system going immediately—instead of waiting for forms to arrive. *Your time is too valuable for that!* You can also rely on Deluxe for accuracy. Our intensive proofing process means you can count on receiving forms that are printed right the first time. Fast, accurate service is just one of the ways Deluxe helps you run your business as efficiently and profitably as possible. After all, it's in our best interest to make you look good!

New compatible forms for Info Team™ Software from Info Designs are also available. They include: Accounts Payable Check #1044, Payroll Check #1045, Invoice #1379 and Statement #1378. If you have Commodore printers 1525, 1526 or 4023, please call us to verify your forms needs.



10% DISCOUNT when you order a check and at least one other form per software family!



"Customer satisfaction is important to us. That's why we recommend Deluxe Computer Forms. Deluxe offers our customers quality compatible forms, fairly priced and shipped in only three days."

Enjoy the benefits of Deluxe statements, invoices and multi-purpose forms. *They'll help you make maximum use of your computer!*

You've invested some of your hard-earned capital in a computer or word processor. So why not make the most of it? Why not computerize your entire billing system with computer invoices and statements from Deluxe? You'll be expediting your accounts receivables and, in turn, improving cash flow. *Quite simply, faster billing means more money back to you in a shorter period of time.* Makes good sense!

Our pre-printed headings allow you to note the date, description, reference number, charges and credits in short order. Plus, each Deluxe statement, invoice or multi-purpose form you send out will have your firm's name and address personalized at the top to enhance your credibility. Finally, our detachable remittance stub speeds payment, while the account number on the stub speeds processing.

The benefits of a completely computerized office billing and payment system are numerous and apparent to anyone who wants to expedite cash flow. The benefits of using Deluxe computer forms are equally apparent: quick three-day in-plant service, guaranteed software compatibility, low minimum quantities, and on and on.

See The Compatibility Guide, in the center of the catalog, for a complete listing of software compatible forms.

Your Deluxe Standard Checks allow you two signature lines so you can have two people sign your checks. It's another Deluxe "custom" touch!

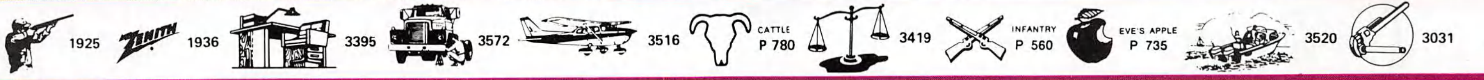
To enhance your business image, for an extra measure of security and for added convenience, you can "customize" your standard checks with an additional signature line. So, whenever a check must go out under *two* signatures—yours and your associate's—you can handle the situation easily and efficiently.

Another way to enhance your business credibility is to imprint a title over one or both signature lines. This adds a further professional touch to your checks while avoiding confusion and deterring forgery. *What's more, there's no extra charge for this feature.* It's just another way you can add a custom look to your standard forms with Deluxe.

Attractive line pattern background and matching color border give you a check that looks like a check.

The financial community has relied on Deluxe for accurately printed checks for over 69 years. So you can rely on us for computer checks you can use with confidence. You'll maintain an even greater professional image with suppliers, employees and other business associates when you make your transactions with checks that look like the traditional business checks you've always used.

In addition, you can select from our wide range of professional logos—more than 200 are available at no extra charge—to distinguish your business even further. *See the bottom strip, running throughout the catalog, for a sample of what we have to offer.*



THE COMPATIBILITY GUIDE

A listing of standard computer forms compatible with more than 400 software programs.

Easy • Accurate • Convenient

Here, at your fingertips, is a listing of the more than 400 software programs that are compatible with Deluxe Computer Forms. Each program is arranged in alphabetical order by software publisher. *Most important to you, the computer forms user,* is our listing of compatible computer forms for each publisher. If we've listed a form in this Guide, you can be sure we have it available, and that we can ship it within three working days!

Please Note: Since the computer forms industry is an exciting, constantly evolving one, some of the very latest computer forms or software programs may not be listed in this Guide. Please call us, toll free, at 1-800-328-0304, if you don't see your particular software program or form listed.

How to Find the Software-Compatible Forms You Need:

Use this Index as a start, then turn to The Compatability Guide, pages 16A through 16F, if the form you need isn't listed. We have forms for more than 400 different software programs, so your form will probably be listed. If not, please call us Toll Free, 1-800-328-0304. Chances are we have your form, but it just isn't listed as yet.

You can feel confident that your Deluxe Standard Checks will be accepted and processed by your financial institution.

If you've ever worried about your bank accepting your computer check, you know how important this Deluxe benefit is. Printing accurate, machine-readable personal and business checks has been our business for more than 69 years, so you can trust us to take just as much care with your computer checks. Our unique computer-assisted system of account number verification means your financial institution will be able to read the MICR encoding at the bottom of each check quickly and accurately. And that means you'll have absolutely no trouble with payroll or accounts payable checks or any other Deluxe check that goes out under your signature!

In addition, all your Deluxe standard checks will be easy to modify should you update or expand your accounting system in the future. This is especially true for our Dual Purpose Check. Its open voucher gives you the flexibility to print headings and subheadings wherever you need them.

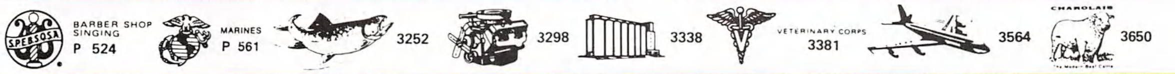
Give your standard form a "custom" touch.

Your computer forms present a more professional image when you personalize them with Deluxe "custom" touches. *Forms are imprinted with your firm name and complete address and phone number, at no extra charge!* We'll even imprint your firm name on the check vouchers, for added convenience. You also have a choice of five attractive check colors at no cost to you.* And remember, even when ordering standard forms with your choice of "custom" touches, you still benefit from the Deluxe lightning-fast 3-day in-plant service.

*There is an additional $5.00 charge for Antique check orders under 1,000 and $5.00 for every 1,000 checks after that.

> *"Excellent! Especially pleased with the very fast service as we were nearing a deadline for 'start up' when we finally ordered our checks. You kept your promise of a fast turnaround."*
>
> *—Robbye Walton,*
> *Office Manager*
> *Callies Manufacturing Co.*
> *St. Louis, Missouri*



Remember, your software compatibility is guaranteed!

Deluxe Standard Forms are the standard forms with the "custom" touches. Forms to fit over 400 different software programs are available.

NEW! Prestigious and Professional. Introducing the "personal" computer check you've been looking for.

Our exclusive "personal" computer check design combines the convenience of a continuous form check with the standard pocket size and look of a personal check. It's sized right for smaller out-of-home businesses and their computer needs, as well as for do-it-yourself programmers who want to maximize their mini or micro computer capabilities at home—or at the office. Deluxe personal checks are also ideal for streamlining your own personal finances and bill-paying procedures on your home computer. And you can use them with confidence at work for out-of-pocket expenses because they look like the traditional personal checks you've always used!

Plus, the new Deluxe personal checks are designed with companion double window envelopes to save time addressing. **You'll even receive a FREE Programming Guide with your order so you can see where you'll have space to imprint new information.**

TRANS-O-GRAM

Trans-O-Gram.

Gives you the impact of a telegram at a fraction of the cost. The "Trans-O-Gram" headline and yellow color assure that your message will be noticed and read right away. It's the ideal way to give DUN notices, special announcements and bulletins that extra punch. You'll also save time and money because your message, sending envelope and file copy can be sent through the printer in one easy step! And you'll avoid the expense and delay of folding, inserting and sealing. (See Grid A)

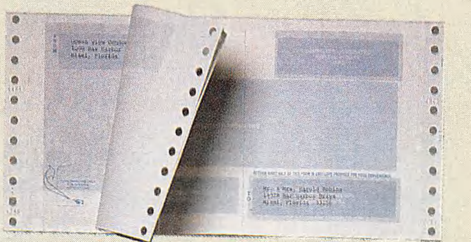
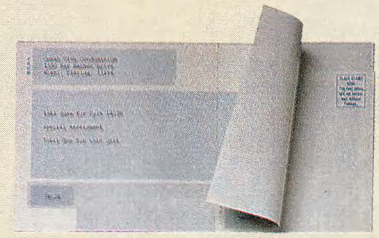
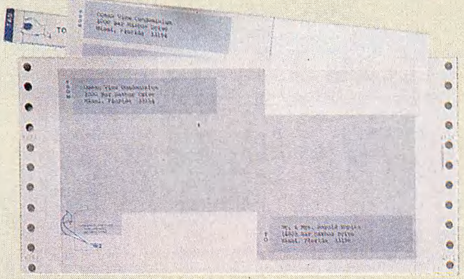
ONE STEP DOES IT ALL:

Prepares file copy.

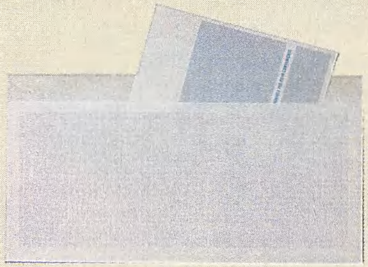




Carbons your message onto the form and onto the detachable receipt that's pre-sealed in the envelope.



Addresses envelope underneath.



Addresses return envelope (including space for customer I.D. number).

Two-Way Mailer.

The complete mailing system in a single package. One pass through the printer does it all! You'll also save on pre-sorted mailing costs—$40 per 1,000 in postage—because you'll pay just 18 cents rather than 22 cents. This mailer is ideal for billing, brief correspondence, collection notices, purchase orders and price changes. And the exclusive Fast Tab® zip open feature is easy for the recipient to open—and easier for you to get response! (See Grid B)

Choose one of the three distinctive "Designer Looks" we've developed to save you money on stationery.

Or, if you prefer, we can duplicate an existing letterhead or help you design your own.

Show a high-quality, professional face to your customers and suppliers without spending a fortune. With continuous form stationery in the same high quality stock and design as cut sheet, your correspondence will stand out from the crowd.

We've done a good share of your stationery design work for you. All you need to do is to pick the basic format you want ...then select the type style. Read the description of the three Designer Looks and pick the one that best fits your company's image. Or, if one of the designs gives you an idea for a unique look of your own... just call our Forms Consultants and we'll help you custom design your stationery.

Now you can coordinate your stationery and computer forms.

With the choice of ink colors, type styles and logo placement, every business mailing, even your invoices and payments, can be coordinated and more professional looking. If you have custom designed computer forms, consider a matching custom design of your stationery. We can also match your existing letterhead from your camera ready black and white art. Plus, Raised Letter Printing is available in all Type Styles and for all Designer Looks.

Raised Letter Printing on stationery will enhance your business image even further. It gives your letterhead the quality feel of an engraved invitation. Please add $12.00 for each 1,000 quantity ordered, or $6.00 for each 500 quantity.

Deluxe Fine Edge means no more ragged look.

Standard forms have 12 perforation cuts per inch, but Deluxe continuous form stationery has many times that number. The result is a continuous form sheet with edges that are virtually indistinguishable from cut sheet stationery. So you can have the quality look of cut sheets without the necessity of a specialized sheet feeder for your printer.

Choose a screened background for a dramatic effect that starts selling your company before the letter is read.

Deluxe Shadow Print Stationery gives your business a high-powered mark of distinction. The centered screened back design makes a professional statement unlike any other. Feature your company headquarters, your logo design or any other special symbol of your business. Best of all, this very special Deluxe Stationery is economical—and easy to order! Just choose between two handsome formats, depending on the size of the screened back design and the color of ink you want.

Send camera-ready black and white glossy art. Design will be screened to approximately 5-10% of original.

The Prestige Laid Finish gives you quality you can feel . . . in a stationery that's remarkably low in price.

DESIGNER LOOK 3

(All available in both cut-sheet and continuous form.)

Here's an economical way to add a professional touch to your stationery.

Order Raised Letter printing to get an even more elegant feel. The small added charge still leaves this stationery a real bargain.

Though simplest in concept, this Designer Look is perhaps the most elegant of the three. The 20# White or Ivory Prestige Laid stock gives your letters and proposals an impressive appearance that gets them read—and gets you noticed.

You can personalize your selection with a choice of type styles and a choice of letterhead positions: flush left, centered, or flush right. The matching envelopes are in the same, high-quality paper stock and matching ink color.

You have the choice of:

- White with black type
- Ivory with brown type
